ESPEJOS

REFLECTIONS OF SPAIN
REFLECTIONS OF SPAIN

Interiors from Spain returns to Downtown Design 2025 during Dubai Design Week, from 5 to 9 November, with an installation designed and curated by Swiss Bureau Interior Design (SBID), a multi-award-winning interior design and fit-out company based in Dubai.

ESPEJOS (Mirrors) is an immersive concept inspired by reflection and Spain's creative spirit. Blending tradition and innovation, the installation highlights contemporary Spanish design through pieces defined by craftsmanship, durability, and a timeless sense of identity. The design draws on Gaudí's vibrant palette, the passion of flamenco, and the surreal imagination of Spanish art, offering visitors an encounter with Spain's bold and dynamic identity.
